FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of the State Treasurer (STO)** state that total state revenue will decrease because linked deposit loans earn less in interest than other options that the State Treasurer has to invest in as a result of this proposal.

The current activity for the Linked Deposit Program is as follows:

Small Business Program	\$256,644,377
Job Enhancement Program	\$ 700,000
Alternative Energy Program	\$ 0
Agriculture Program	\$190,655,584
Local Government Program	\$ 14,960,735
Multi-Family Housing Program	\$ 43,625,460
Total Active Deposits	\$506,596,156

Approved and Waiting Placement	\$ 5,285,387
Awaiting Approval	\$ 425,636
In Progress	\$ 9,935,287
Total	\$522,242,466

Fiscal Impact

39% to GR - \$688,584

61% to all other interest earning funds - \$1,077,016

Formula

Average 5 year agency bond: 3.00 callable or 2.75 bullet = Average of 2.875% the state earns

Average yield on linked deposit is .668%

Opportunity cost is 2.207% (2.875% - 0.668%)

$\$80,000,000 (\$800,000,000 - \$720,000,000) * 2.207\% = \$1,765,600$

GR	39% x \$1,765,600 =	\$688,584;
Other	61% x \$1,765,600 =	<u>\$1,077,016</u>
Total		\$1,765,600

The STO states the fiscal impact is staggered; no impact in FY 2021, half of \$1,765,600 in FY 2022, and a full impact in FY 2023.

ASSUMPTION (continued)

Oversight notes the proposal increases the aggregate cap from \$720 million to \$800 million. Current law states that no more than \$110 million shall be used for linked deposits to eligible small businesses. This proposal will increase the \$110 million to \$190 million.

Oversight notes that increasing the allocation for Linked Deposits will result in a decrease to state revenue given that there are investments with higher interest rates of return that the STO could take advantage of. The interest rate environment with lending institutions will not be constant and Oversight is unable to determine the amount of businesses that would utilize the Linked Deposit program in the future. Therefore, Oversight will reflect a loss to general revenue of up to \$688,584 and a loss to other state funds of up to \$1,077,016 (STO estimate of interest lost with program being fully utilized with the additional \$80,000,000).

Oversight also notes there is potential savings to local political subdivisions if they choose to utilize the Linked Deposit Program. Therefore, Oversight will reflect an unknown positive fiscal impact to political subdivisions to the extent they avail themselves of up to \$80 million in increased linked deposit authority.

Oversight notes this increase in the Linked Deposit program may have positive benefits to the various Missouri businesses and entities that utilize the program. Oversight considers these benefits to be indirect impacts and have not reflected them in the fiscal note.

FISCAL IMPACT - Small Business

Small businesses could benefit from continued opportunities to participate in the linked deposit program.

FISCAL DESCRIPTION

This act increases the total amount that the State Treasurer may invest in linked deposits from \$720 million to \$800 million. The act also increases the amount of that \$800 million that may be invested in small businesses from \$110 million to \$190 million.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
