Total Estimated Net				
Effect on FTE	0 or 1 FTE	0 or 1 FTE	0 or 1 FTE	

- ⊠ Estimated Net Effect (expenditures or reduced revenues) expected to exceed \$250,000 in any of the three fiscal years after implementation of the act or at full implementation of the act.
- ☐ Estimated Net Effect (savings or increased revenues) expected to exceed \$250,000 in any of the three fiscal years after implementation of the act or at full implementation of the act.

ESTIMATED NET EFFECT ON LOCAL FUNDS				
FUND AFFECTED	FY 2022	FY 2023	FY 2024	
Local Government \$0 \$0 \$0				

FISCAL ANALYSIS

ASSUMPTION

§650.550 – Economic Distress Zone Fund

Officials from the **Department of Public Safety - Office of the Director (DPS)** state this proposed legislation creates the "Economic Distress Zone Fund".

Section 650.550 creates a new fund in the state treasury to be used solely by the Department of Public Safety for the purpose of providing funding to organizations registered with the United States Internal Revenue Services as a 501(c) (3) corporation that provide services to residents of this state in areas of high incidents of crime and deteriorating infrastructure, for the purpose of deterring criminal behavior in such areas. The Department of Public Safety shall promulgate rules to carry out the provisions of this section, including delineating what constitutes an area with high incidents of crime and deteriorating infrastructure.

It does not establish a specific source from which monies will be collected by the fund. It also does not specify if fund monies can be spent on administration of the fund.

The Department of Public Safety believes it will require one (1) Public Safety Program Specialist to administer the fund, promulgate rules and determine and disseminate criteria for such a program.

Oversight assumes DPS could absorb some of the additional duties without adding an FTE; however, DPS has stated these costs cannot be absorbed. Therefore, depending upon the number of 501(c)(3) corporations that qualify for DPS funding and the amount of appropriations available, Oversight will range the cost from \$0 (FTE can be absorbed) to the estimate provided by DPS (FTE is not absorbed) to the General Revenue Fund. Oversight will range the amount of state appropriations for this program from \$0 to Could exceed \$250,000.

Oversight assumes an unknown income to the Economic Distress Fund from appropriation, gifts, grants, bequests, or contributions. For fiscal note purposes, Oversight assumes services provided under this proposal will equal income and net to zero.

Officials from the **Joint Committee on Administrative Rules (JCAR)** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Oversight assumes JCAR will be able to administer any rules resulting from this proposal with existing resources.

L.R. No. 2276S.01I Bill No. SB 488 Page **4** of **7** March 5, 2021

Officials from the **Office of the Secretary of State (SOS)** notes many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The Secretary of State's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to Secretary of State's office for Administrative Rules is less than \$5,000. The Secretary of State's office recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, they also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, they reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could require additional resources.

Officials from the Office of the State Treasurer, the City of Kansas City, the City of Springfield, and the City of St. Louis each assume the proposal will have no fiscal impact on their respective organizations.

Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, the City of Columbia was requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in our database is available upon request.

This provision shall sunset on August 28, 2024.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This act creates provisions relating to funding certain organizations that help deter criminal behavior.

This act establishes the "Economic Distress Zone Fund" which shall be a fund used solely by the Department of Public Safety to provide funding to organizations registered with the IRS as a 501(c)(3) corporation that provide services to residents of the state in areas of high incidents of crime and deteriorating infrastructure, as defined in the act, for the purpose of deterring criminal behavior in such areas. If money appropriated to the fund exceeds \$3 million dollars, excluding any money made available by gift or otherwise, such money shall revert to general revenue.

This provision shall sunset on August 28, 2024.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
