*Oversight will reflect a range of funds that the General Assembly may appropriate to the "Division of Tourism Supplemental Revenue Fund". Oversight notes section 620.467 expired June 30, 2020 and this proposal appears to be a continuation of an existing, annual transfer. Oversight will assume, for the purpose of the fiscal note, the continued appropriation would be greater than \$250,000 (3-year average has been \$24 million per year).

FISCAL ANALYSIS

ASSUMPTION

§620.467 - Division of Tourism Supplemental Revenue Fund

Officials from the **Department of Revenue (DOR)** state that from 1994 to 2020 the state had a Supplemental Revenue Fund that received appropriations to be used to fund the Division of Tourism. The appropriation amount was based on a formula having to do with the sales tax amount collected from tourist-oriented goods and services. The language creating the Fund expired on June 30, 2020.

This proposal would restart the Fund by removing the expiration date in the statute. Additionally, it removes the formula for calculating the appropriation transfer and allows any amount of appropriation as well as gifts, contributions, grants, or bequests from federal or private sources to be deposited into the Fund.

DOR was previously responsible for the calculation of the formula to determine the appropriation level. That will no longer need to be done. This proposal is not expected to have any fiscal impact on DOR in the future.

In response to a previous version, officials from the **Office of Administration – Budget & Planning (B&P)** assumed the proposed legislation reenacts and modifies provisions of §620.467, RSMo which sunset on June 30, 2020. The proposal allows the General Assembly to appropriate funds into the Tourism Supplemental Revenue Fund (TSRF), and also allows gifts, contributions, grants, or bequests received from federal, private, or other sources to be deposited into the fund. It also allows the state treasurer to invest moneys in the TSRF with any interest or moneys earned being credited to the fund. This bill also repeals obsolete language and amounts, repeals provisions in §§620.467.2, 620.467.3 and 620.467.4 which govern how funds are deposited into the TSRF and how those funds were to be expended.

Since the state treasurer is allowed to invest moneys in the TSRF, this proposal may have an indeterminate impact on general or total state revenues. The General Assembly currently appropriates monies to the TSRF.

Oversight notes §620.467 was effective from July 1, 1994, and expired June 30, 2020, and created the Division of Tourism Supplemental Revenue Fund.

Oversight assumes that the proposal re-establishes the "Division of Tourism Supplemental Revenue Fund" and denotes how it receives money.

Upon further inquiry, DED noted the Fund is the main source of money for the Division of Tourism.

Oversight notes the following disbursements, transfers-in, and ending balances for the last three years for the Division of Tourism Supplemental Revenue Fund (1274):

	Disbursements	Transfers - In	Ending Balance
FY 2025	\$20,596,000	\$24,171,845	\$5,753,190
FY 2024	\$23,244,676	\$22,732,150	\$3,584,417
FY 2023	\$22,980,447	\$25,090,183	\$5,317,513

(Source: [Missouri State Treasurer Fiscal Year Fund Activity Reports](#))

Oversight notes that, under the proposal, the General Assembly may appropriate money into the Fund to support the Division of Tourism duties and its functions. Therefore, Oversight will reflect \$0 (General Assembly will not appropriate money) or an unknown cost (General Assembly elects to appropriate money) to general revenue in the fiscal note beginning FY 2027. Conversely, Oversight will show a transfer –in from the general revenue into the Fund.

Oversight notes that the Fund is allowed to receive gifts, contributions, grants, or bequests from federal, private, or other sources. Therefore, Oversight will reflect a revenue gain from various sources into the Fund. For simplicity, Oversight assumes all the funds will be used in the year in which they are received.

Oversight assumes based on the transfers-in according to the Fiscal Year End activity reports, transfers-in averaged \$23,998,059. Therefore, Oversight will assume the potential appropriation could reach, or surpass, the \$250,000 threshold annually.

Officials from the **Department of Economic Development, Office of the Secretary of State, Joint Committee on Administrative Rules, and Office of the State Treasurer** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

FISCAL IMPACT – Small Business

The proposed provisions of this bill may have an economic impact on small businesses.

FISCAL DESCRIPTION

Current law establishes the Division of Tourism Supplemental Revenue Fund, and provides for appropriations to the fund from certain tourism-related taxes. This act repeals such language and provides that the fund shall consist of any moneys appropriated by the General Assembly and any gifts, contributions, grants, or bequests from federal, private, or other sources.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
