FISCAL ANALYSIS

ASSUMPTION

§115.1600 - Elections

Officials from the **Office of the Secretary of State, Missouri Ethics Commission, Department of Corrections** each assume the proposal will have no fiscal impact on their respective organizations.

In response to a previous version, officials from the **Office of Attorney General (AGO)** assumed any potential litigation costs arising from this proposal can be absorbed with existing resources. The AGO may seek additional appropriations if the proposal results in a significant increase in litigation or investigation costs.

Oversight does not have any information to the contrary. Therefore, Oversight assumes the AGO will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the AGO for fiscal note purposes.

In response to a previous version, officials from the **Office of the State Public Defender (SPD)** stated per the National Public Defense Workload Study, the new charge contemplated by this change to Section 115.1600, would take approximately fourteen hours of SPD work for reasonably effective representation. If one hundred cases were filed under this section in a fiscal year, representation would result in a need for an additional attorney. Because the number of cases that will be filed under this statute is unknown, the exact additional number of attorneys necessary is unknown. Each case would also result in unknown increased costs in the need for core staff, travel, and litigation expenses. However, if the charge was classified as a class D misdemeanor no jail time would be authorized and the cases would not qualify for SPD representation.

Oversight assumes this proposal will create a minimal number of new cases and that the SPD can absorb the additional caseload required by this proposal with current staff and resources. Therefore, Oversight will reflect no fiscal impact to the SPD for fiscal note purposes. However, if multiple bills pass which require additional staffing and duties, the SPD may request funding through the appropriation process.

In response to a previous version, officials from the **Office of the State Courts Administrator** assumed the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

Officials from the **Platte County Board of Elections, St. Louis County Board of Elections** state this proposal will have no fiscal impact on their organizations.

Oversight notes that the above-mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other local election authorities were requested to respond to this proposed legislation but did not. Upon the receipt of additional responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note. A general listing of political subdivisions included in our database is available upon request.
