FISCAL ANALYSIS

ASSUMPTION

§324.004 - Temporary Licensure

In response to a previous version, officials from the **Department of Health and Senior Services (DHSS)** assumed section 324.004.1 of the proposed legislation states “any person who has at least three years of work experience in an occupation or profession in another state, the District of Columbia, or any combination of such jurisdictions, and whose work experience involved the practice of an occupation or profession for which a license is not required in the jurisdiction or jurisdictions in which the person worked but is required in this state, may submit an application for a one-time nonrenewable two-year temporary license in this state in the occupation or profession, along with proof of at least three years of work experience in the occupation or profession and a fee as set by regulation of the oversight body, to the relevant oversight body in this state. The oversight body shall make a determination of qualification within forty-five days of receiving a completed application.”

The number of possible applicants for this type of temporary license and the amount of fees that would be collected is unknown to the Department of Health and Senior Services. If the Department, during rule making, would establish a fee for the temporary licenses as described in the proposed legislation, the revenues from those fees would be deposited into general revenue.

The Board of Nursing Home Administrators (BNHA) currently has a temporary license process outlined in Chapter 344, RSMo and 19 CSR 73-2.080. Passage of this bill would require revisions to the statute and rules. It is assumed it will take BNHA’s Principal Assistant Board/Commission (salary of \$65,997) approximately 1,040 hours to make the required changes. Based on 2,080 working hours per year, this would require 0.5 FTE to assume these duties (1,040 hours divided 2,080 hours per year) for a total personal service cost of \$32,998 (\$65,997 times 0.50 FTE).

It is assumed that the Department can absorb the costs of this proposed legislation with current resources. However, if the workload significantly increased or other legislation was enacted, additional resources would be requested through the appropriation process.

Officials from the DHSS assume the cost of proposal can be absorbed. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

In response to a previous version, officials from **Department of Natural Resources, Department of Public Safety - Missouri Gaming Commission, Missouri Department of Agriculture, and City of Kansas City** each assumed the proposal will have no fiscal impact on their respective organizations.

Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Senate Amendment 1

§345.050 – Licensure of Speech Pathologists and Audiologists Provisions

Officials from the **Department of Commerce and Insurance** assume the proposal will have no fiscal impact on their organization.

Oversight notes that the above-mentioned agency has stated the proposal will not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Senate Amendment 2

§337.600 – Social Workers

Officials from the **Department of Commerce and Insurance** assume the proposal will have no fiscal impact on their respective organizations.

In response to a similar proposal from this year (SB 1092), officials from the **Department of Social Services** assumed the proposal will have no fiscal impact on their organization.

Oversight notes that the above-mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Senate Amendment 3

Oversight assumes Senate Amendment 3 changes the vacancy provision from ninety days to a sixty-day requirement and will have no fiscal impact on state or local government.

Senate Amendment 4

§§324.001 - 621.045 – Interior Designer

In response to similar legislation, SB 991 (2026), officials from the **Office of the Governor (GOV)** assumed this bill adds to the Governor's current load of appointment duties. Individually, additional requirements should not fiscally impact the Office of the Governor. However, the cumulative impact of additional appointment duties across all enacted legislation may require additional resources for the Office of the Governor.

Officials from the GOV assume the cost of the proposal can be absorbed. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

In response to similar legislation, SB 991 (2026), officials from the **Office of Administration**, **Office of the State Public Defender** and the **Missouri Senate** each assumed the proposal will have no fiscal impact on their organization.

Oversight notes that the above-mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Senate Amendment 5

§334.031 - Licensure of Physicians

Officials from the **Department of Commerce and Insurance** assume the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

Responses regarding the proposed legislation as a whole

Officials from the **Missouri Department of Transportation**, **Office of the State Courts Administrator**, **Missouri Office of Prosecution Services**, **Department of Commerce and Insurance**, **Office of Administration - Administrative Hearing Commission**, **Department of Corrections**, **Department of Revenue**, **Department of Social Services**, **Office of the State Treasurer**, **Missouri Senate**, and the **Office of the State Auditor** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the

office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

FISCAL IMPACT – Small Business

Any business that accepts a temporary license could expect a fiscal impact as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
