FISCAL ANALYSIS

ASSUMPTION

§172.975 - Powers of the Curators of the University of Missouri

In response to similar legislation, HCS for HB 3170 (2026), officials from the **Office of Attorney General (AGO)** assumed any potential litigation costs arising from this proposal can be absorbed with existing resources. The AGO may seek additional appropriations if the proposal results in a significant increase in litigation or investigation costs.

Oversight does not have any information to the contrary. Therefore, Oversight assumes the AGO will be able to perform any additional duties required by this proposal with current staff.

In response to similar legislation, HB 3170 (2026), officials from the **University of Missouri System** assumed that the proposal would have no fiscal impact on their organization. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

Officials from the **Department of Health and Senior Services, Department of Social Services, Office of the State Courts Administrator, and Office of the Secretary of State** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight notes this proposal authorizes but does not require acquisition or operation of hospitals or other health care entities. Oversight assumes potential fiscal consequences are contingent upon future actions taken by the University of Missouri and cannot be quantified at this time.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other local entities were requested to respond to this proposed legislation but did not. Upon receiving additional responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note. A general listing of political subdivisions included in our database is available upon request.
