Dear Friends,

There are many resources available to Missouri citizens through state and local agencies. However, in many cases, people fail to take advantage of these services because they are unfamiliar with existing organizations and the programs they offer.

I am pleased to provide you with this community services directory for your reference and convenience. This guide includes phone numbers, addresses and other pertinent information that you may find helpful.

If you don't find the information you need — or if you have a question about state government, legislation or the Missouri Legislature — please feel free to write or call. It's an honor and a privilege to serve as your voice in state government.

Sincerely,

Maria Chappelle-Nadal
State Senator

NOTICE REQUIRED ON UTILITY CUTOFFS

During the winter heating season, Missouri gas and electric utilities regulated by the Missouri Public Service Commission must give customers at least 10 days written notice before service may be disconnected and additional written or personal contact at least 96 hours prior to disconnection. Additionally, no disconnections may occur on any day in which the temperature is forecast to be below 32 degrees.

These rules, which are in effect between Nov. 1 and March 31, also require that customers whose service is about to be cut off be informed that they might qualify for financial aid to help pay their utility bills. Elderly or handicapped customers who register with utilities in advance are given even greater protection by the new rules.

Customers can get more information on these regulations by calling:
